

2024 COURSE CATALOG  
&  
SCHEDULE

Version 1.5: March 19, 2024

## WELCOME

CMMC Training Academy, a service of Cyber Security Training and Consulting LLC, is please to release the 2024 Course Catalog & Schedule. There are three main changes from previous years: we have expanded our own course offerings to better meet the diverse needs of soldiers and civilians and we have expanded our delivery footprint to international locations. Certified CMMC Professional (CCP) course durations vary between 4-5 days due to use of training content from different Licensed Partner Publishers (LPPs).

Please note: There is a change control table at the end of the document so you can track any change/add/deletes that occur over the coming year.
